

# Bloody Mary

## Fancy RGB USB Microphone

BloodyMary is a 4-in-1 fancy RGB USB Microphone made for Gaming, Streaming, Podcasting, and Recording. It features with Gain control, Headphone monitoring volume control, and Touch mute control. The built-in shock mount and table stand are pretty solid and stylish, which can be unscrewed to attached to a boom stand with 3/8" to 5/8" adapter. The ECO mode is very helpful and user-friendly that you can turn off the RGB light when you don't need it. With the 4 polar patterns and fancy RGB emotion light, it creates a perfect streaming and gaming workflow. And you can record crystal-clear audio on the go with our BloodyMary. It has all the features to take you to the next level.
