

Broadcast Mary ProArm 2 Kit

Next Generation Broadcast Solution

The Broadcast Mary ProArm2 Kit is the next Generation Broadcast Solution. It features a professional studio-grade microphone and ProArm to take your content production to pro-level. With the gain, headphone volume, and LED lighting ring control, you can get a suitable workflow. The patent 20mm big golden capsule is one of special points. With the high sampling rate 24bit/192kHz and patent capsule, you can get a very quality sound. The mute control makes you not afraid of emergency situations. The cardioid pattern reduces background noise, ensuring your voice perfectly heard. The zero-latency headphone monitoring port lets you listen to what you're recording in real-time.

This kit will bring you a perfect experience.
