

USB Retro Pro

High quality RGB Microphone Pro kit

USB RetroPro is a high quality RGB Microphone Pro kit.

It features with Gain control, Headphone volume control, Touch control and Multi-color background light effect selectable. The 3.5mm headphone jack allows you to listen to what you're recording in real-time without latency delays. Thick and heavy base can support all metal construction microphones and can be moved around without falling over on other equipment.

Ideal for for Gaming, Streaming, Podcasting, YouTube, Voice Over, Twitch, Zoom meeting, Skype chatting, online conference.
