

# UM12 Broadcast Arm Kit

## USB microphone full starter kit

UM12 Broadcast Arm Kit is a studio grade starter kit with volume control, mute control and stylish ring. It has a wide range of applications. Directional listening (cardioid characteristic) provides a very good suppression of unwanted ambient sounds. The included accessories in the form of an adjustable and versatile arm, long USB cable and anti-shock mount work perfectly for streamers, gamers, YouTubers, musicians, and etc..

It does not require any additional software and works on a Plug & Play. Installing USB microphone is a breeze.
